Automated front presentation for

# FROZEN FRUIT & VEGETABLES

WITH THE PUSHFEED SYSTEM **POS-T C130**

## Components for a single shelf:

- A** Front profile for wire shelves (1 x per shelf), fixing screws must be ordered separately
- B** C130 L-bracket with pre-assembled pushfeed (quantity depending on product spaces or shelf width)
- C** Additional add-on pushfeed guiderail for wide products (quantity depending on product spaces or shelf width)

## ✓ YOUR BENEFITS:

- Increase in sales and turnover
- Perfect visibility of all products
- Conserves energy consumption
- Utilisation of the full shelf depth
- Less shelf maintenance effort
