REDUCE COSTS – INCREASE SHELF SPACE

WITH **POS-T DUPLEX XL** FOR
UPRIGHT RMC PRESENTATION

20%
MORE
SHELF SPACE

POS^T**TUNING**[®]
a Voßhenrich company

THE NEXT REVOLUTIONARY STEP IN CIGARETTE SHELVEING

POS- τ DUPLEX XL FOR A DOUBLE-LEVEL RMC PRESENTATION

The POS- τ Duplex XL System for the upright presentation of cigarettes is an effective and cost-efficient solution for increasing the number of your shelf facings.

Reduce the number of expensive shelf-boards by 50%. Gain 20% more facings for your products within the given shelf space. Benefit from the prominent presentation of your products with the innovative POS- τ Duplex XL System.

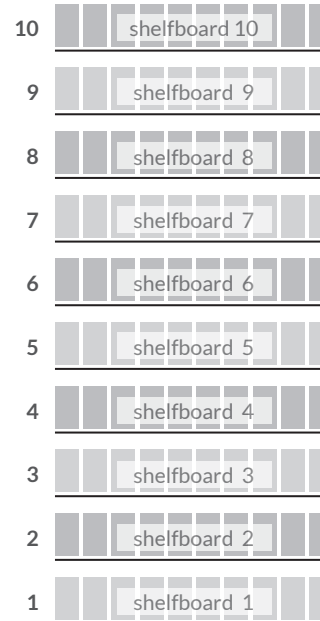

Thanks to the flexible height and width settings of the Duplex XL Shelf Divider, the storage spaces can be organised efficiently and thus adapted to any product size can be customised, from king-size to big packs to 100-packs.

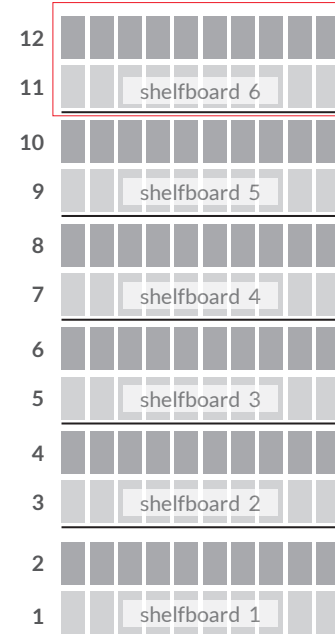

OPTIMISED USE OF SPACE – **20% MORE STORAGE SPACE**

Status Quo
with single pushfeed

NEW
with POS-T Duplex XL

1330mm

Shelfboard thickness 8mm (glass), hole distance 45mm

THE ARGUMENTS SPEAK FOR THEMSELVES!
