WOW! **VINCENT!**

The pushfeed that changes it all

POS-T Vincent delivers a clear, high-impact product presentation with a genuine wow factor on the shelf. Whether round or square, cans or bottles, and everything in between – Vincent ensures all products remain perfectly visible and easy to reach at all times. One single system fits almost every category and size, from health and beauty and grocery items to confectionery.

The modular design, consisting of only a few components, allows for quick and easy installation. Vincent also stays flexible in day-to-day operations: planogram changes and repositioning can be implemented effortlessly, saving time and reducing costs.

Vincent combines efficient processes with outstanding flexibility – for stronger shelving and a compelling presence at the point of sale.

YOUR BENEFITS:

- **Universally Applicable:**
One system for all categories and product sizes
- **Easy Planogram Changes:**
Simply adjustable in width
- **Time & Cost Savings:**
Less effort for shelf maintenance
- **Perfect Visibility:**
Products always in the best line of sight and within easy reach
- **Durable & Stable:**
Handles heavy or awkward products with ease
- **Simple Installation:**
Fewer components

VINCENT! VERSATILE!

More Flexibility – Maximum Variety!

With POS-7 Vincent, the time-consuming selection of different display solutions for various product groups is no longer necessary. Whether confectionery, convenience products or toiletries – one system reliably covers all product categories. Thanks to its high level of flexibility, a wide variety of packaging formats such as bottles, bags, tubes or cartons can be easily integrated.

One system replaces numerous individual solutions and enables fast range and planogram changes. This reduces planning effort, simplifies shelf maintenance and ensures efficient use of shelf space. As a result, all products are consistently presented in the optimal sight and reach zone – for a strong sales-driven presentation and a convenient shopping experience.

**UNIVERSAL
FOR ALL SHAPES
AND SIZES**

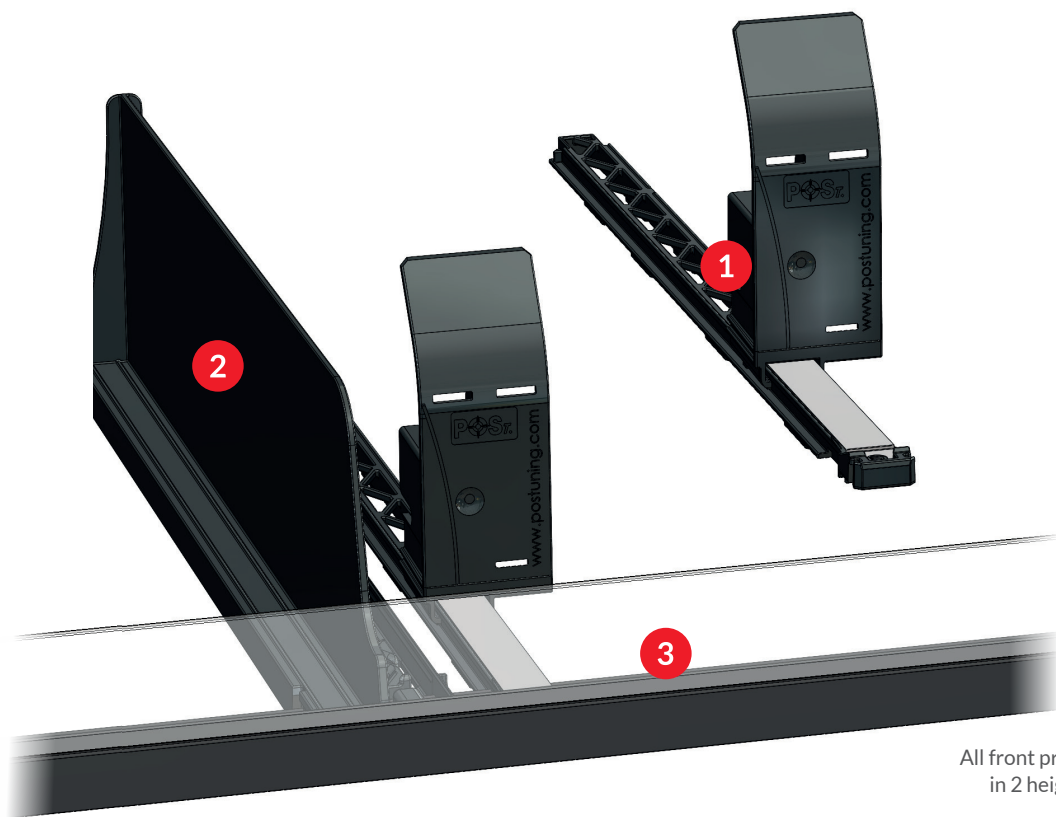

VINCENT! FLEXIBLE!

One System – Endless Possibilities!

The modular design of POS-T Vincent opens up a world of possibilities for your product presentation. With just 3 components, planogram changes can be implemented faster and more easily.

The system can be quickly and easily installed on any standard shelf base and accommodates product widths up to 60mm. Even narrow products are displayed perfectly – the system adapts in just a few simple steps. The pushfeed unit integrates directly into the shelf divider, ensuring flawless presentation of products up to 40mm in depth. The system is suitable for shelf depths from 360 to 500mm.

Thanks to its modern, unobtrusive design, POS-T Vincent blends seamlessly into any category, keeping the focus entirely on the products.

All front profiles come in 2 height options.

YOUR POS-T VINCENT COMPONENTS (per facing)

NARROW PRODUCTS

- 1 1 x Pushfeed Unit
- 2 1 x Divider
- 3 1 x Front profile with front riser (per shelf)

WIDE PRODUCTS

- 1 2 x Pushfeed Unit
- 2 1 x Divider
- 3 1 x Front profile with front riser (per shelf)

A real advantage in every category:
Whether toiletries, products in different packaging
formats, or goods in bags and boxes – POS- τ Vincent
presents every item perfectly. Even when things
don't quite fit standard formats, Vincent adapts to
every requirement with ease.

EVEN WHEN IT
DOESN'T QUITE FIT...
**VINCENT ADAPTS
TO EVERY
REQUIREMENT!**

VINCENT! UNIVERSAL!

Your Category – Our Solution!

More flexible than ever: with POS-T Vincent, almost any product category can be covered. A single system replaces a wide range of individual solutions – from confectionery and toiletries to fresh and convenience products. Even different packaging formats can be easily integrated.

POS-T Vincent ensures consistently clear and visually strong product presentation. With just one system for all products, you save time, simplify shelf maintenance – and increase sales at the same time.
