INTRODUCING: VARIO!

With the POS- τ SuperVario you are more flexible than ever.

Imagine needing just one system to display all your beverages – whether small, large, slim, or wide cans and bottles. Impossible? We say: Absolutely not! The new **POS- τ SuperVario** is the perfect solution for shelves and cooler displays.

It flexibly adapts to a wide range of product sizes and always ensures perfect front-facing presentation – with no tools or refitting required. How does it work? A clever mechanism allows stepless width adjustment from 53 to 97mm – with just one finger!

In terms of depth, the **POS- τ SuperVario** also impresses with maximum flexibility thanks to its unique construction. Changing your planogram? Now easier than ever.

Sounds unbelievable? See for yourself – and get flexible.

ONE FOR ALL!

The POS- τ SuperVario is the solution for a maximum selection.

Showcase your drinks with the **POS- τ SuperVario**.
One system for all – bottles, cans, any shape or size.

			
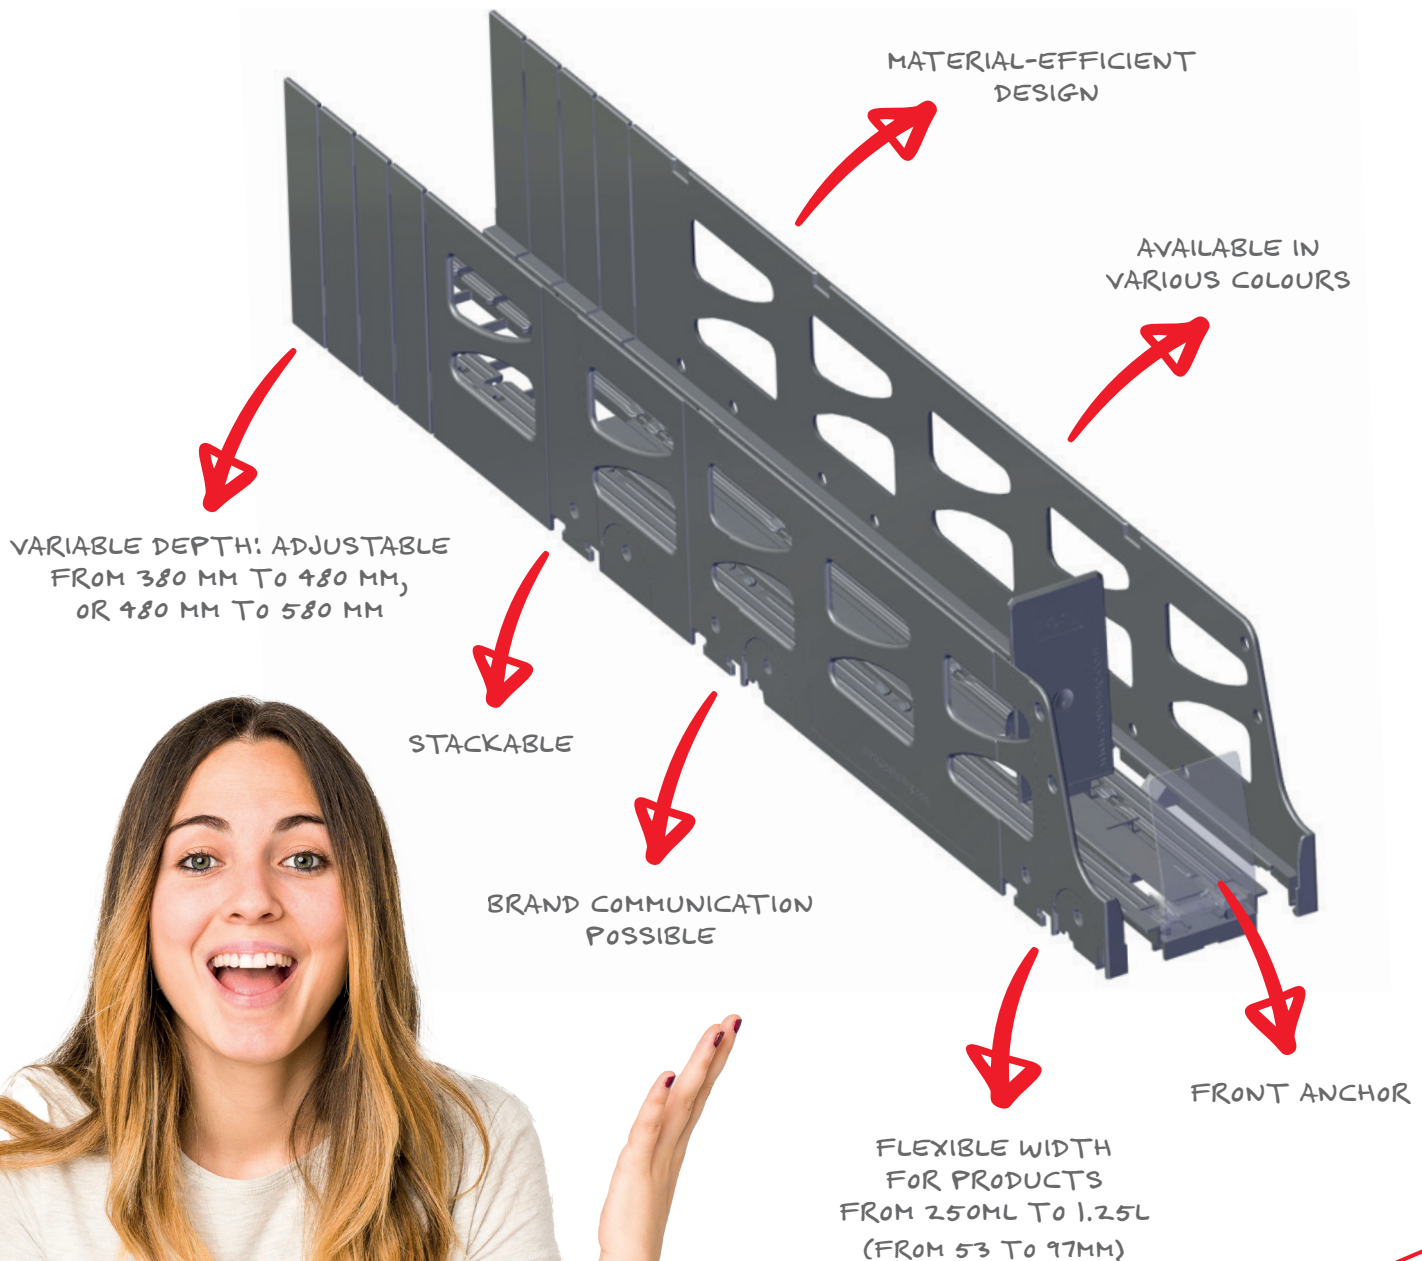

XS	M	L	XL
Slimline party drinks such as Prosecco stay perfectly in place with the POS-τ SuperVario – no tipping, no trouble.	The POS-τ SuperVario keeps cans and bottles perfectly in place – and they glide effortlessly to the shelf front with spring pressure.	Smooth-gliding presentation for bottled beers and mixers – with perfect shelf appeal thanks to the POS-τ SuperVario .	Wine and sparkling wine bottles can also be displayed securely and without tipping in the POS-τ SuperVario – thanks to sturdy side panels.

INCREDIBLY GOOD ARGUMENTS

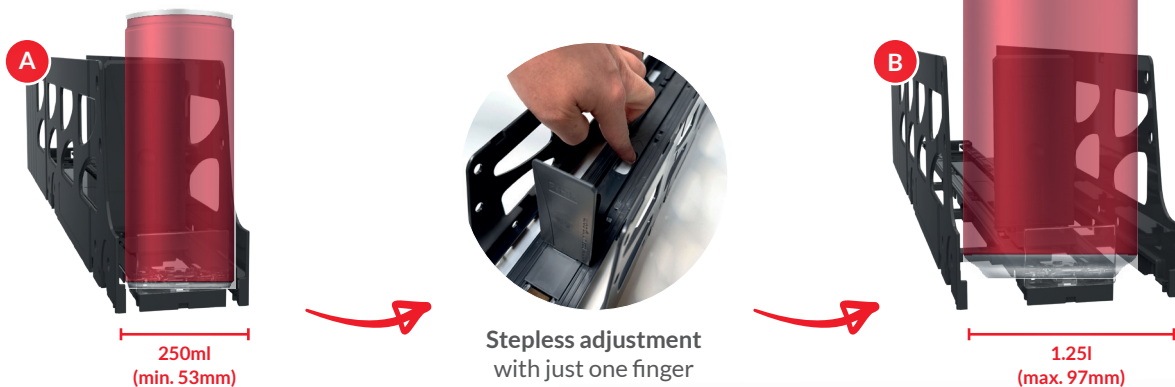

The POS-T SuperVario offers more than you expect.

The POS-T SuperVario represents a true revolution in beverage presentation. Its versatile design and wide-ranging capabilities will transform your shelving for good. 100% compatible with POS TUNING's Modular and Compartment Systems – with minimal depth loss thanks to the new pushfeed housing. The improved glide performance perfectly completes the system. See for yourself.

AND IT'S JUST AS EASY!

Der POS-*t* SuperVario expands for you.

A Narrow cans are displayed perfectly in the compacted POS-*t* SuperVario – side dividers provide secure positioning and guide each product precisely through the channel.

B Your planogram is changing, and you'd like to present larger, heavier beverage cans? To adjust the width, simply insert one finger into the central opening of the guiderail and gently pull – the side sections open almost automatically.

This allows you to steplessly adjust the POS-*t* SuperVario from 250ml to 1.25l (53 to 97mm).

POS-T SUPERVARIO:
MAKE IT UNMISTAKABLY YOURS
– WITH YOUR BRANDING.
